## Press Information Number 25 / June 2019

The OSTRALE Biennale O19 opens its first art venues outside the main exhibition at the Historische Tabakfabrik f6 in Striesen

## OSTRALE from 28.06 also in Loschwitz / Elbhangfest and the Alte Feuerwache

Within the framework of the OSTRALE Biennale, the Alte Feuerwache in Loschwitz shows works from Yuval Avital (IS, IT), Natalie Bertrams (GER, BE), and Achim Riethmann (GER) from 03.07. The OSTRALE Biennale O19 presents here works that connect to the original function of the building, disaster prevention. They inquire into the relationship between man and nature, address catastrophes that humans inflict on their environment and on their fellow human beings, and examine the attempts to tackle these self-inflicted calamities.

The OSTRALE Biennale O19 was already a guest of Loschwitz during the Elbhangfest, with art performances by Daniel Chluba.

In total, O19 will show over 300 contemporary works from 180 artists from 35 countries. Held between 11.06 and 01.09, the 2nd Biennale and 12th OSTRALE is dedicated to the main idea 'isms'. For the first and only time, it will take place at the f6 historical tobacco factory in Striesen (03.07 - 01.09). For the first time OSTRALE Biennale has cooperated this year with a number of institutions in Dresden and has established temporary decentralised exhibition venues for this international arts exhibition. These have opened their doors to visitors before the main exhibition has opened.

HISTORISCHE TABAKFABRIK f6

3. Juli – 1. September 2019

dezentral ab 11. Juni in Dresden

In addition, the following decentralised exhibitions can be visited in Dresden: **Gedenkstätte Bautzner Straße** (11.6.-8.9.), **Goethe-Institut Dresden** (12.6.-1.9.), **Ausländerrat Dresden e.V.** (13.6.-1.9.), **Kunst- und Kulturverein Alte Feuerwache Loschwitz** (28.6. - 18.8.), **SAP'art Dresden** (26.4. - 1.9.)

With the support of **Aktion Mensch**, the exhibition venues of this year's OSTRALÉ Biennale will once again provide a specially made guide system for visitors with visual and hearing impairments. By combining the app 'AllSense' with 'Bluetooth beacons', O19 describes individual artworks via smartphone at all locations. In the Historische Tabakfabrik f6, 'visorBoxes' also make it possible for visitors to navigate within the building for the first time. The system works with both Android and iOS devices.

The OSTRALÉ Biennale is the third largest exhibition of contemporary art in Germany. It is not a sales exhibition as such, giving it the freedom to discuss socially relevant topics at a distance from the market. The guiding principles of the OSTRALÉ, such as peaceful coexistence, acceptance of the foreign / unknown, treating everyone with respect, promoting religious diversity and internationalism, are reflected in the exhibitions.

Print-ready visual material available on request.
